## Synopsis :

Review 'Reading Roger Grenier, you feel as if you're joining him in an inviting library, both of you seated in comfortable leather chairs and sipping calvados. He's read all the books in the room--how he has the time, you're not quite sure--and with a gentle and astounding ease, he recites countless lines from myriad texts and pieces them together into playful discussions of such grand topics as love, memory, death, and, naturally, writing. . . Subtle observations fill this slim volume, giving us a glimpse into the mind and life of this most sensitive of readers. While it may not leave you with many profound truths, I dare you not to fall in love.' (Daily Beast)'A charming series of freeform meditations. . . . An added pleasure of Grenier's essays is that, no matter how much he has read and retained, he writes of literature as an unending pursuit.' (Sam Sacks Open Letter Monthly)'Readers will benefit from Grenier's wisdom expressed through his life experiences and his literary analyses. Palace of Books will amply stock the shelves of your mind.'"
